Brand Identity System 2025

Logo, colors, typography, business card & letterhead —
a complete visual reference.

01 Logo System · 02 Color Palette · 03 Typography · 04 Business Card
· 05 Letterhead

The Logo

The Infogenx wordmark is a deliberate split — **"INFOR"** in Deep Navy, **"GENX"** in Deep Orange. Always use provided files; never recreate from type.

The primary logo consists of a stylized 'G' icon followed by the word 'INFOGENX'. The 'G' icon is white with a small orange dot. 'INFOR' is in dark navy and 'GENX' is in deep orange.

Primary — Light Backgrounds

Default. White, light gray, or warm peach (#FFEEE9).

The reversed logo features the same 'G' icon and wordmark, but with 'INFOR' in white and 'GENX' in deep orange, set against a dark navy background.

Reversed — Dark Backgrounds

Use on navy or dark surfaces.
"INFOR" → white;
"GENX" → #E65525.

Logomark Only

Favicons, app icons, badges, and small-format uses.

Do

Always use the provided SVG file. Maintain clear space equal to the height of the G mark on all sides. Scale proportionally only.

Don't

Do not recolor, stretch, add effects, place on busy photos, or recreate from type. Never use an all-one-color or all-grey version.

02

COLOR PALETTE

Brand Colors

Authority meets energy. Deep Navy anchors everything; the orange gradient ignites action. Never deviate from these values.
